

DIPLOMA IN HEALTH ASSISTANT

- Health assistants play a vital role in the care of patients.
- Working under the direction of more senior healthcare professionals, they take care of the day-to-day needs of patients by providing help with personal care, meals and mobility.
- They also carry out a range of housekeeping duties, as well as performing basic medical checks, such as taking a patient's temperature, pulse and respiration rate.
- The attitude of a healthcare assistant is of far more importance than any formal qualifications.
- Suitable candidates for the role are friendly, caring and sensitive individuals, who are able to offer social stimulation as well as care to the patients
